

# *Goodrell Middle School*

## *Code of Conduct*

1. Practices are scheduled Monday, Tuesday, Thursday, and Friday during the season. All athletes are expected to be at practice and ready to go by (coaches insert time) If you come late you must have a pass or you will only be counted as half of the practice. This absence will be counted against you and will effect playing time.
  2. Practices will be over by (Coaches insert time). Parents must arrange for their child to be picked up by (Coaches insert time).
  3. **All athletes must be picked up within 15 min. after the bus returns from any event or once practice is over at the above specified time. If a student is picked up late and no contact made by a parent over 2 times, on the 3<sup>rd</sup> time that student will be asked to leave the team.**
  4. If an athlete is in or out of school suspended, they will be missing that days' games and practices. Practices missed for this reason will be unexcused and will result in lost playing time as set forth by the individual coach's policy.
  5. Teachers will contact coaches if students are missing work in their class or refusing to complete work. If the student will miss practice, the teacher will contact home that this will be happening. The teacher and coach will work together to get that work done.
  6. Athletes who receive a level 2 behavior referral will work to correct this behavior with their teachers. Teachers will call home and explain to the issue to parents. They will also call or email the coach so they know the situation. **The coaches will fully support the teacher decision, the teacher will be contacting parents about staying after and the athlete missing that days practice or game.** Students will miss part or all of the practice or game on that given day and will have playing time effected by these issues.
  7. If the coach for an individual sport does not have their own written attendance policy then it will be as follows: You may be excused from being late to practice with a teacher's pass, indicating that you were working with that adult. You may also be excused if you missed school or went home early due to illness. If a student needs to miss for an appointment one of the coaches must be notified 24 hours in advance in writing or call from a parent. **For every two practices an athlete misses his or her playing time will be effected.**
  8. After practices and games students should wait in designated areas, behave appropriately, and show Goodrell PRIDE.
  9. Athletes are expected to be kind and respectful to all adults and students they interact with during their season, this includes: athletes from other teams, and thanking the bus driver or any other adults that help them get to or participate in events.
  10. Students may leave an event with their parent or guardian only after checking out or signing out with the coach.
  11. **Game suspensions may not be served at the same time (Example: If you are suspended for grades, you must wait until that suspension is over before you sit out a game for attendance).**
