Haunted history with Mrs. Jones

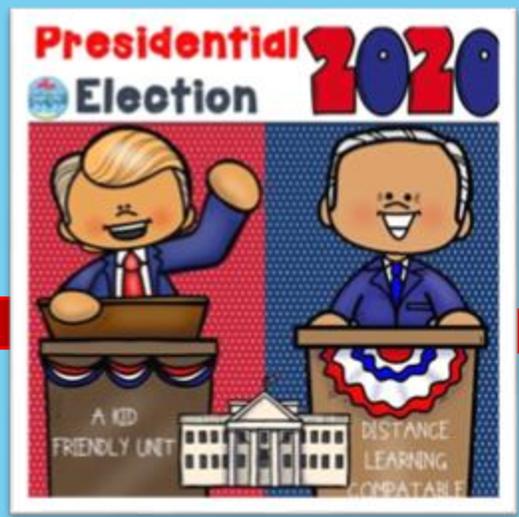

Around 1863 the Daniel Lady's House would soon be taken over by general Ewell's army and it was made into a hospital. It was used to house confederate and union soldiers in the same place. Many injured soldiers died due to their wounds. After the war Daniel Lady returned to her home, they found a dead soldier on the second floor. The second floor is the most haunted. You can still see the blood stains on the floor and on the walls, you can still see where the soldiers had carved their names.

Around the 90's or the 2000's the owners took dogs onto the property and they found soldiers buried around the property. You can see the apparitions of soldiers walking around the property still. You can visit the home for a tour and they even have war re-enactments where you can see what the war was like firsthand. You can still see General Isaac Ewell and his troops haunting in anguish of defeat.

Global Warming

GLOBAL WARMING IS A SERIOUS ISSUE THAT IS INCREASING DAY BY DAY. ALL OF US ARE SO IGNORANT, AND GUILTY OF NOT TAKING CARE OF THIS ISSUE. IF WE WANT CHANGE, WE START NOW, FOR THE BETTER FUTURE OF OUR GENERATION AND THE GENERATION AFTER US. TO THE RIGHT I HAVE PROVIDED LINKS TO EDUCATE OURSELVES AS WELL AS HOW WE CAN HELP.

WHAT IS GLOBAL WARMING YOU MAY ASK, WELL YOU'RE LUCKY, BECAUSE IN THIS PAGE YOU WILL LEARN ABOUT GLOBAL WARMING AND IT'S EFFECTS.

What is global warming?

GLOBAL WARMING IS A GRADUAL INCREASE IN THE OVERALL TEMPERATURE OF THE EARTH'S ATMOSPHERE GENERALLY ATTRIBUTED TO THE GREENHOUSE EFFECT CAUSED BY INCREASED LEVELS OF CARBON DIOXIDE, CHLOROFLUOROCARBONS, AND OTHER POLLUTANTS.

<https://www.nrdc.org/stories/global-warming-101>

How serious is global warming?

HIGHER TEMPERATURES ARE WORSENING MANY TYPES OF DISASTERS, INCLUDING STORMS, HEAT WAVES, FLOODS, AND DROUGHTS. A WARMER CLIMATE CREATES AN ATMOSPHERE THAT CAN COLLECT, RETAIN, AND DROP MORE WATER, CHANGING WEATHER PATTERNS IN SUCH A WAY THAT WET AREAS BECOME WETTER AND DRY AREAS DRIER.

Teke Teke

A Japanese urban legend

Teke Teke, an urban legend about a schoolgirl, a young woman, or sometimes even a boy. They appear in the bathroom, even though their place of death was at a railroad, they fell and were sliced in half. Some say that they attack people due to vengeance, they want vengeance for no one helping them in their time of need. As the legend goes, if you hear a "Teke Teke." Sound, it's them, that's where they got their name. If you see them directly, they will ask you a question, "Do you know where my legs are?", if you answer with an unacceptable answer, they will take your legs! One version of the story is about a young woman named Kashima Reiko, she fell on the tracks and lost her legs. She haunts bathroom stalls asking people if they know where her legs are, if you answer with, "Meshin Expressway.", "kamen shinin ma.", or, "mask death demon.", (The last 2 may be the phonetic root of Kashima's name.) she will accept your answer, and not rip your legs off, but if you do answer with an unacceptable answer, she will take your legs.

Not many people know this, but some say that once you hear about this story, you have a few days until you get a phone call, or a weird dream where she asks you a riddle, she says, "Do you need your legs?", you MUST reply with, "I need them right now.", she then says, "Who told you my story?", and you MUST reply with, "Kashima Reiko.". Ka, means mask, shi means death, ma means demon, rei means ghost, and ko means accident. The only way to survive is to answer her riddle without any mistakes, even if you do, she may not let you live.

WHY DO WE CELEBRATE THANKSGIVING?

Some people ask why do we celebrate thanksgiving? Well here's the answer, thanksgiving day is an annual national holiday in the united states and Canada! Celebrating the harvest and other blessings of the past year.

Americans generally believe that their thanksgiving is modeled on a harvest feast shared by the English colonists otherwise known as the pilgrims of Plymouth and the Wampanoag people.

Everything about thanksgiving seems good, but some things did happen between the pilgrims and the Indians. They did get along, but the peace did not last... they got into a devastating war. The two groups did not get along and the Indians thought the pilgrims were lying to them.

The feast occurred in 1621.

Jack the Ripper

A famous serial killer

Jack the Ripper, a famous serial killer who lived in London. they had 5 victims, and all of them were female. Absolutely no one, knew who they were, and what he looked like. Until scientists found out Jack the Ripper's identity through DNA tests.

From hell
Mr. Sugar
Soy I vend you half the
Kidney I took from one witness
I macerated it for you to the piece

Jack the Ripper is a famous serial killer, mainly because of the way he would display his victims. (in ways I'm not allowed to explain) Meaning, they were bound to be mentioned in some kind of film or book. In which they did, they were mentioned in the Anime, "Black butler", it might not have been their first time being mentioned in a film or book, but it still added to the theme of what the Anime was about. (The Anime was first a Manga, turned into an Anime.)

Day of the Dead

What is it?

Interview with Mrs. Buckroyd

1. What do you think is the most important part of day of the Dead and why?

I think knowing the history behind the celebration is important so that people can know how it is rooted in ancient Aztec beliefs as well as Spanish/Catholic beliefs.

2. What part of the day of the dead is most interesting and why?

Setting up the altar with things to remember the people who have passed away. What a great way to positively remember those who have passed on.

3. Why do you think others should learn more about this holiday?

I think it's very easy to assume because it is near Halloween that it is just Mexican Halloween or Spanish Halloween, but it isn't. I think any time you have the opportunity to learn about other cultures and traditions, your life becomes richer.

4. What is your favorite part of celebrating the day of the dead?

I personally do not celebrate the Day of the Dead but love the focus of positively remembering loved ones.

The day of the dead is celebrated among those from Mexican heritage in the United States and around the world. The roots of day of the dead lead back to some 3,000 years ago "to the rituals honoring the dead in pre-Columbian Mesoamerica. The Aztecs and other Nahua people living in what is now central Mexico held a cyclical view of the universe, and saw death as an integral, ever-present part of life".

It is believed that from that from Oct 31- Nov 2, the border from the spirit world and the real-world dissolve so that people can spend time with their deceased relatives. They honor the spirits by leaving the deceased's favorite foods and other offerings at gravesites or on the ofrendas built in their homes
