### Organization Statement:

Few people would disagree with the idea that all children regardless of their economic situation need an extra helping hand in preparing themselves to succeed in the world facing them today. The goal of Des Moines Area Youth Track Club & Youth Development inc. a nonprofit youth amateur sports and youth development organization, are simple, but critical. By helping to build an appreciation for track & field through guided instruction, the club works to:

- Assist the youth of Des Moines and its surrounding areas with development of self discipling and self-confidence through goal setting and goal achievement
- Inspire youth to apply these traits to enhance academic achievement and life skill.
